## Communication made to measure!

Did you know it is possible to arrange your quires per 2 instead of per 4 pages? By way of a special folding and gluing technique, we also allow you the choice of 6, 10, 14, 18, 22,... pages.

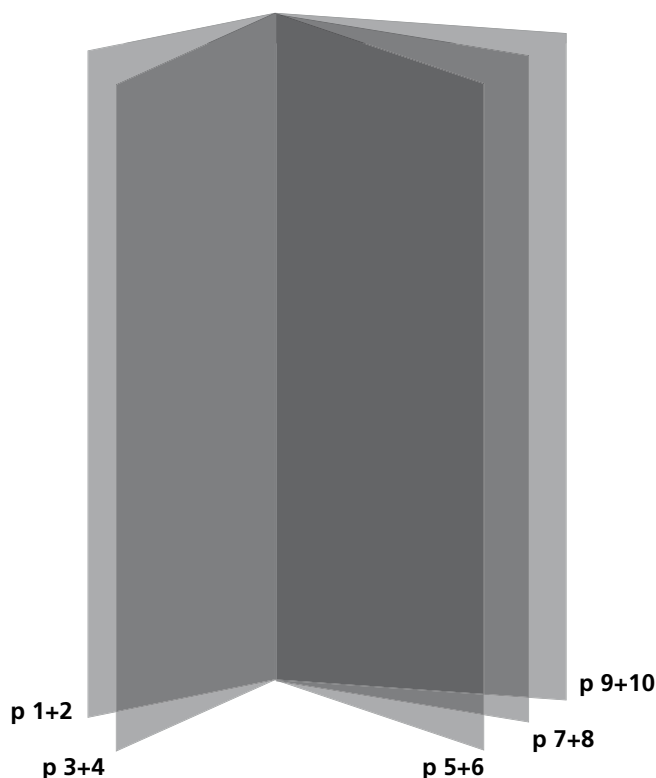

Are you tired of hearing that folders of 10 or 14 pages are not a possibility, because printing presses can only handle multiples of four? Choose Group Mercator Press. You will be able to have your communication made to measure without having to delete text or making up extra just to get to that multiple of four pages!

Thanks to its specialised knowledge Group Mercator Press is able to offer you a range of endless possibilities at very reasonable prices. Would you like a folder made precisely according to your specifications? Group Mercator Press is there for you!
